

NEW ADDED House Rules

We can and will tech vehicles. If you refuse to allow us to tech your car you will be suspended until you agree to allow us to tech your car and if your car is set up as our rules outline you are free to race. If you are teched and you are found illegal you will be suspended from our track for 2 weeks and your car will be teched before you are allowed to race our track after those 2 weeks. 2nd Offense you will be banned six months. 3rd Offense you will be banned indefinitely. You know the rules. **NO GYROS, NO CUT GEARS PERIOD!**

STREET STOCK RULES 2022

The street stock class is a "Spec" class and is intended to be "cheap" therefore there are basically no modifications allowed. Note the rules as follows:

Slash/Raptor 2-wheel drive chassis

**NO VXL/Brushless System

NO LCG Chassis ALLOWED

All components must be STOCK and in the stock location [*exceptions to follow below](#)

5200-50c battery in stock location on chassis

Stock receiver may be removed.

DE G6 tires, Hoosiers, or stock tires that came with your new car out of the box

90/16 gear rule only

Wheels must be traxxas slash offset (2 front/2rear) can be in any placement

Can change shock oil

Can install shock limiters (internal and external)

Can move shocks to any stock hole locations on shock tower/A-arms– no drilling holes!

Body must cover wheels – NO OPEN WHEELS – CANNOT run the slash/raptor bodies that come with chassis new

No cutting of shock springs - NO aftermarket springs – must be stock white springs

CANNOT add ANY Weights

No fans on motor

No aluminum shock caps

12t Traxxas motor and traxxas XL5 ESC ONLY

No cut gears in transmission

No WEDGE bodies (late model or mudboss)

No moving of wheel hex's (front on fronts/rear on rears)

No ceramic bearings

Will add holographic tamper proof sticker to transmission after tech – we will maintain a list of teched racers/cars. Must see us if you break the seal to re-tech

If it doesn't say you can then you CAN'T!

12 Turn Stock Mudboss 2022
